TECH CENTER 1600/2900

Enclosed is replacement page 12 as well as a copy of erroneous "page 12 as submitted".

In accordance with the Rules, a duplicate copy of the parent application of this divisional application was submitted as a part of this divisional application, when filed. However, page 12 of the copy ("page 12 as submitted") was printed by computer, and the structures (pictured on replacement page 12) were not in the computer file. Thus, due to a clerical error a copy of page 12 without the structures pictured was submitted when this divisional application was filed in the USPTO.

If the Examiner in charge of this case feels that there are any remaining unresolved issues in this case, the Examiner is urged to call the undersigned attorney at the below listed telephone number which is in the Pacific Coast Time Zone.

Respectfully Submitted,
